Foot Ball Accidents This Year Were Numerous.

Board of Review Expells Tar-Tar.

Large Crowd Will Go On the Special Train.

Busy On Bowling Alleys—Local Sporting News.

The list of dead and injured in the football season just over is exceptionally large. The game caused 11 deaths, which are pretty evenly distributed east and west. Sixty-seven men were seriously hurt. A significant fact is that most of the casualties happened on minor teams, where there was a lack of proper training and an absence of science.

Training Hard.

A dispatch from Chicago says that Tommy White, the world's champion 120-pound boxer, is training hard every day at Harry Gilmore's for his coming twenty round contest with Art Simms at the Business Men's Gymnasium, Cleveland, Dec. 11. White evidently realizes that he has a rather tough proposition in the Akron lad, whose ability up to date has been practically hidden under a bushel. The fact that he has been taken in hand by such a shrewd judge of boxers as George Toubey indicates that White's prospective opponent must be a corker. Toubey has developed such cracks as Timmy Kearns, Martin Flaherty, Dave Sullivan, Mike Sears, Eddy Curry, Leslie Pearce and others of equal note and is regarded as one of the foremost judges of pugilists in this country.

Expelled.

The board of review of the National Trotting association Thursday, rendered decisions expelling James A. Pierce and R. T. McGee of Auburn N. Y., with the horse Norval A. F., alias Tar Tar, alias Little Joker, alias Tim Spillinger. He had previously gone under the name Little Joker. Last year he was started as Amboy. The horse has raced in Akron.

Bowling News.

The Buckeye Club bowled a practice game at Berrodin's Thursday night. It was to have bowled with the Summit Club, but a disarrangement of program made it impossible.

At Berrodin's to-night the Tip Top cycle club will bowl a practice game.

The Peerless team defeated the Summits Thursday night. Score—Peerless 782, Summit 653. Peerless won by 123 pins.

Large Crowds Will Go.

The N. E. A. club will run a special train Monday night to Cleveland for the Simms-White contest. The train will leave East Akron over the Valley at 6:45 p. m. and Howard st. station at 7 o'clock. No stop at Union depot. Round trip 80 cents.

Two preliminary "bouts" will be pulled off before the Simms-White go. Kid Lloyd of Canton and Grant Nickens of Cleveland will box eight rounds for a decision. Geo. Church and Louis Durant, both from the Forest City, and both colored, will have an eight round "go." A large crowd will go to Cleveland to witness the sport.

Central Labor Union Considers the Matter—Organizations Flourishing.

Mr. Whitworth, representing the University Association of Chicago, addressed the Central Labor union meeting Thursday night. He stated that he had organized literary leagues in several cities in Ohio, and that he was meeting with success in Akron.

Delegates from the various unions reported their trades flourishing. There was a lengthy discussion on the advisability of having a business agent for Akron and Summit county. Several unions reported favorable. The committee on entertainment made a partial report. The C. L. U. decided upon three members to take the University course. They are A. Woodring, A. Williston and P. H. Winters.

The Carpenters will hold another open meeting in their hall on Howard st. next Monday evening. All carpenters are requested to be present as it is important. This will be the last open meeting.

Amos Snyder of the Federal Labor union at Barberton, will leave Saturday night for Detroit to attend the National convention of the Federation of Labor which convenes in that city Monday.

RESOLUTION

Introduced by the Central Labor Union

Was Adopted by Convention at Dayton—Akron Man Honored.

President John A. Wintrobe, of the Central Labor Union, has received a letter from Geo. Berg, who is attending the labor convention now in session at Dayton.

Mr. Berg says that the resolution presented by the street railway men and endorsed by the C. L. U. of Akron, was adopted, after striking out the provision for the licensing of motormen and conductors. The recommendations of the resolution were described in Thursday's DEMOCRAT.

Mr. Berg was named as a member of the committee on resolutions.

MORMON'S WARNING.

Action Against Him Bad Precedent.

MINORITIES MIGHT BE WIPED OUT.

Predicted That In Stress of Political Excitement the Majority Could Do Wholesale Barring of Opposition Members. Statement Lacks Denial of Guilt.

WASHINGTON, Dec. 8.—Brigham H. Roberts of Utah, who was not allowed to be sworn in as a representative in congress of that state, has issued an address to the American people. It contains much that was said by Mr. Roberts on the floor of the house and by Mr. Richardson, who opposed the resolution of Mr. Taylor of Ohio. After reviewing the facts and proceedings relating to the appointment of Mr. Roberts to the office of congressman, he said in part:

The member from Utah is not allowed to take the oath of his office and a committee is appointed to try him as to his alleged guilt of the offenses charged.

Its membership is made up entirely of those who voted to adopt the method of procedure. Not one who voted against it has been allowed to take part in the committee; and if the creation of such a tribunal for such a purpose be allowed, there is no reason why the committee should not be made up of members of one political faith—for the majority may do as it pleases about that.

Let the American people to stop and think what that may mean to this country in times of high political excitement and party strife and passion.

First—A formidable minority in the house may be reduced either to a very insignificant minority, or even blotted out of existence.

Second—The representation to which a state is entitled on the floor of the house may be denied to it—as in this Utah case—for any length of time this committee may elect to deny it such representation. If the present Republican house can thus deprive Utah of her representation, there is reason to believe that the same may be done to any other state, as well as to any one of our representatives as easy as one can be turned away from the door of the house, and one state as well as another if a bar majority in the house chooses to have it so. And if the present Republican house can do this in the case of Utah or Virginia there is no reason why the next Democratic house could not proceed in like manner with representatives from Republican states.

Third—This new precedent also strikes down the constitutional guarantee of a right to one accused of crime, to a speedy and public trial by an impartial jury of the state wherein the crime shall have been committed. The proposition is not to deprive me of my seat in congress by the presentation of records of conviction for crime before courts before which I have been found guilty under the due forms of the law. The proposition is to try me before the committee of the house, to send for persons and papers and witnesses to ascertain my guilt or innocence of an alleged misdemeanor, reported to have been committed in Utah. It will be useless to deny the fact that I was shut in the charge against me which resulted in the appointment of this extraordinary committee of investigation, it is

said that a transcript of the proceedings of a court in Utah evidenced the fact that the member from Utah pleaded guilty to a misdemeanor in the year 1889—12 years ago, and when Utah was a territory.

Whatever political disabilities were created by that event were removed by the sovereign state of Utah when, in the adoption of her state constitution in 1895, she, by her sovereign power, declared what should be the qualifications of her elector, and I possess them all. And this side of the enabling act and the admission of Utah I am at the defiance of my enemies to produce any court record of conviction for crime, or at any time since the misdemeanor of 1889, and the house has no right to proceed on any other evidence than such court records.

It is true that the representative from Utah is a "Mormon," and just now against the Mormon people a wave of popular sentiment, created by falsehood, chiefly by the charge that Utah has broken her compact with the United States in the matter of polygamy; that the people contemplate the revival of polygamous marriages; that the seating of Utah's representative would be regarded by her Mormon population as an endorsement of polygamy and would be a menace to the American home. Upon my honor as a representative from the state of Utah, a man in whom the state of Utah has reposed her confidence, both non-Mormons as well as Mormons, I solemnly deny these charges. They are not true. The only thing chargeable to some few men in the state of Utah is that they have not deserted the plural wives they married years ago, previously to the settlement of the polygamy question between the government of the United States and the state of Utah.

Even continuing the relations formed before this settlement of the question, though their disruption was neither demanded by the enabling act nor contemplated in the provisions of the state constitution—are under the law a misdemeanor and punishable; but has not been regarded as necessary to good morals or public policy to prosecute people for this offense, and neither by the Republican party or by the Democrats has the existence of such relations been considered a bar to political preferment until the political and religious enemies of the present representative from Utah thought proper to urge them against him. But such men have been elected to office of high honor in the state of Utah and others, against whom such charges were made by affidavit, were appointed to federal offices in the state notwithstanding such objections were urged against them.

The special committee of the house appointed to investigate the charges against Mr. Roberts held its first meeting behind closed doors. The meeting was called for the purpose of determining the method of procedure in the case. It was presided over by the chairman, Mr. Taylor of Ohio. All the other members of the committee were present, Messrs. Morris of Minnesota, Freer of West Virginia, Littlefield of Maine, McPherson of Iowa, Landis of Indiana, Republican, and Dr. Armond of Missouri, Lanham of Texas and Miers of Indiana, Democrats.

Little progress was made at the meeting and an adjournment was taken until today.

It had not been decided whether Mr. Roberts was to be allowed counsel or whether the hearings will be open or private. The determination of the latter question, it was believed, will depend upon Mr. Roberts' wishes. Mr. Roberts also will doubtless be allowed counsel.
